Instrument Requirements

Students enrolling in instrumental tuition must have a functioning instrument. Instruments (excluding piano/keyboard and drums) and other equipment (e.g. drumsticks) must be brought to every lesson.

If students fail to bring their instruments to school, they are still required to attend their lesson. Theory and aural exercises will replace the normal tuition. Music books and music diaries must also be brought to every lesson.

Piano/keyboard students are required to have their own instrument at home.

Instrument Hire

A number of instruments including guitar, euphonium, violin, cello, clarinet, saxophone, flute, trumpet and trombone can be hired from the School (pending availability). External instrument hire can also be arranged.

Instruments at School

It is essential that all instruments are clearly labelled with the name of the student and are kept in an appropriate instrument case. A lockable case is preferred. Please note that the School takes no responsibility for any instrument left at the School. Instruments kept in the VMAC building are to be collected at the end of each day (before 3:15pm).

Timetabling

Timetables are displayed on The Arts Bulletin Board, outside the VMAC Office.

The majority of instrumental lessons will be held during school hours. There will be limited places offered outside of school hours dependent on the music tutor's availability. Lessons are on a rotating timetable to prevent students missing out on the same subject each week. However, there is the option for students to secure the same time each week with the tutor after discussion with their teacher. It is preferable for students in Years 11 and 12 to have lessons outside class times.

It is recommended that students who learn two or more instruments have only one music lesson during class time.

Missed Lessons and Non-attendance

Lessons will not be made up if missed with the exemption of school based events; Carnivals, Excursions/ Incursions, Encounters, etc. If a child is absent/sick on the day of their lesson, you will be charged.

In the event of unforeseen circumstances out of courtesy (e.g. illness on the day of the lesson), please notify the TUTOR and the Music Coordinator earliest as possible (by SEQTA Message). Tutors are to provide 28 lessons throughout the year. Lessons missed by students for no reason will be charged. Parents will be contacted by the Tutor or Music Coordinator after two missed lessons.

If a tutor is unable to give a lesson, he/she will endeavour to reschedule an alternate lesson at a mutually convenient time. If it is not possible, there will be no charge for that week. Shared and Group lessons cannot be made up. If a student is missing, the lesson still has to take place and will be charged for. Please take this into account if choosing group lessons.

Enrolling and Withdrawing from Tuition Lessons

Enrolment and withdrawal cut-off dates are as follows;

- Term 1: Thursday 8 February
- Term 2: Wednesday 27 March
- Term 3: Friday 21 June
- Term 4: Friday 20 September

Notice in writing must be submitted to the Music Coordinator and the Tutor if withdrawing their child from instrumental tuition.

Lessons will conclude at the end of the term the notice is submitted. If a student ceases to attend lessons, the remainder of the term will be charged.

External Examinations and Competitive Festivals

We encourage students to enter external examinations and competitions once they have reached the required standard (as determined by their music tutor). The costs of these are to be borne by the parent. Any additional lessons required will be added to your school account.

Parent Assistance

Many parents enquire about how they can encourage their child with his/her musical studies. Parent involvement is vital to the student's attitude and progress. Even if you have limited music knowledge, you can help in several ways.

The most important of these is to organise a regular practice routine, preferably at a set time each day, five days per week. The amount of practice required will vary. Generally, 15-30 minutes per practice session is advised for the first and second years of learning. More advanced students will be advised by their tutor as to practice requirements.
